PROFESSIONAL SUMMARY

An excellent B.Sc. in Statistics graduate with a good aptitude for problem-solving and data analytics. Through diligence, close attention to detail, and superior organizational abilities, my studies have given me a solid foundation in the fields of analytics and research. Data analysis and Data visualizations are clearly understood as well as three months' worth of data input experience driven to master statistics and machine learning and to improve as a person.

EXPERIENCE

Data Entry Clerk, Twifo Atti-Morkwa District Hospital. 2021

- Input information into the hospital Database.
- Analyse trends in Data.
- Data Visualization.
- Create reports and recommendations based on data analysis.

Teacher, Ebenezer Preparatory School. 2017-2018

I taught mathematics and science during that school year, and the pupils excelled in both subjects.
